MADE ON ORCAS ISLAND SINCE 1996

Face care

Rose Rejuvenation, Cucumber Renewal, and Soothing Flowers are three complete face care lines built around unique combinations of hydrosols, botanical extracts, and essential oils. The Rose Rejuvenation line features rose from Bulgaria's world-famous Kazanlak region. Cucumber Renewal and Soothing Flowers feature cucumbers, lavender, chamomile, and calendula grown on our own farm. Every line runs from cleanser to night cream, so a customer can start with one jar and grow into a routine.

> "I thought this cream would be too heavy, but in fact it's just perfect. My skin feels firmer and softer than it has in years."

WHY IT SELLS

Premium botanicals
The cucumber, lavender, calendula, and chamomile in the Cucumber Renewal and Soothing Flowers lines are grown on Island Thyme Farm and steam-distilled in our workshop. The Rose Rejuvenation line is built on rose from Bulgaria's world-famous Kazanlak region.

A routine, not a shelf of singles
Each line has five steps in a clear order of use. Customers who start with a serum come back for the rest of the line, which is why face care earns more per shelf inch than anything else we make.

Three lines, easy to match to a customer
Rose suits dry and mature skin, Cucumber suits combination skin and skin that looks red, and Soothing Flowers suits skin that is easily upset. Staff can point a customer to the right line in a single conversation.
